

NO PROOF IN COX WILD GOOSE CHASE

Burden of Evidence Still on
Democrats Who Have
Been Unhorsed.

Chicago, Sept. 2.—Governor Cox says Will Hays' statements are false and Will Hays says Governor Cox's charges are false. "And that's about as far as the senatorial investigation has gone toward settling the controversy about a \$15,000,000 stush (and through a careful examination of all the testimony thus far will show the burden of proof is on the Democrats," says the Democratic nominee, The Republican treasurer, Fred W. Upham, has admitted on the stand that the Republican goal was about \$5,000,000 though he did not expect to raise more than half of it. Mr. Upham further says he has no knowledge of what the several states may have set for themselves as quotas. Governor Cox insists that there's where the difference would be made up between the \$5,000,000 which he claims was once fixed as the republican quota by states and national committees.

No Proof Produced
But the Democratic nominee has as yet furnished no proof to warrant the assumption that a larger fund was being planned beyond a typewritten list of quotas the authenticity of which is denied by the Republicans. Senator Reed who has a capacity for interrogation and sharp cross-examination unexcelled in the American Senate is trying to support Governor Cox's case by calling all the state chairmen and held workers in the country who have anything to do with the Republican finances. The Republicans naturally don't like this for decisions on their confidence that is a wild goose chase, they argue it takes valuable men away from their work in the midst of the campaign.

On the other hand, if there is anything to Governor Cox's charges that's about the only way any evidence can be collected on the subject is by prying into the finances of the state committees. For the national committee officers claim innocence of raising the state committees are raising. The Democrats know the hidden rests upon them and they show no signs of winking up the investigation. Incidentally they are in financial straits. While the Republicans have already raised more than a million dollars and are confident of getting their budget of \$5,000,000. The truth is the Democrats have raised about half over and unless Democrats finances change for the better quickly or at least something like this investigation puts the brakes on Republican financial support, the Democrats will truly be in a bad way.

But if one can say the honors are

even in the battle of wits on the stand, the one side seeking to support the charge of an immense campaign fund and the other trying to prove that they tried to get only one-third of what the Democratic nominee claims was their goal, so might it be said that dishonors were even, too.

The British Mission
For Republicans and Democrats both had something to be said at after Tuesday's session of the senatorial committee. Perhaps nothing so humiliating has happened in a senate investigation as the freighting given Congressman Fred A. Britton of Illinois, Republican, who gave out a public statement a few days ago saying the British government had appropriated \$37,000 for entertaining purposes of the British Embassy in Washington and that the senate committee would prove that much of this had found its way into the Democratic campaign fund to elect Governor Cox. This Mr. Britton admitted he couldn't do, but frankly said he had issued his statement in the hope that the senatorial committee would prove the connection for him, whereupon the bombardment started.

But if the Republicans felt indignant about one of their number, it was nothing as compared to the resentment of the Democratic leaders when they were apprised through the testimony of Senator Harry New of Indiana, that in their own headquarters in New York, John O. Hall of Salem, Oregon, was now employed after he had deavored to sell his services to the Republicans for a higher figure. His asset was his knowledge of how to get the Scandinavian vote. Senator Reed revealed lengthy correspondence in which Hall protested that although he was an employee of the Democratic administration at present he was really a Republican in sympathies and would gladly work for the Republicans at a stipulated salary. The Republicans had originally solicited his services but found that he was playing both sides and dropped him. The Democratic national chairman, George White, announced to learn the details of his subordinates had hired Hall who claimed to be a college professor. Wednesday chairman White reported Hall's dismissal.

CAPTIVE OF MEXICAN BANDIT RELEASED

Mexico City, Sept. 2.—Charles Hoyte, an American citizen kidnaped by the bandit Pedro Zamora at Cuale, state of Tlaxcala, on August 29 and who was later released, arrived at Guadalajara yesterday seeking 100,000 pesos ransom which Zamora is demanding for Mr. A. (Sandy) Gardner, another American who with B. J. Johnson, a British subject, is still being held captive by the bandit. Hoyte, according to dispatches, declared he was released before the fight between the outlaws and government troops at Rancho de Guadalupe where the Zamora forces were badly defeated.

WOMAN TELLS WHY SHE'S REPUBLICAN

First Harding and Coolidge
Meeting in Janesville Ad-
dressed by Seattle
Speaker.

Answering the question, "Why am I a republican?" Mrs. Winifred R. Smith, Seattle, Wash., gave some telling and forceful arguments along that line, at a meeting arranged by the women's republican committee held last evening in library hall. By a change of dates, Mrs. Smith fulfilled the engagement made for Mrs. Paul Newman, by the national orator, but she was a brilliant speaker, and was listened to with interest by those present.

She advised her hearers to get the platform of both parties, and study them carefully, deciding the point for themselves.

Why a Republican?
In noting the reasons advanced for uniting with the republican party, she named the following: "That republicans had stood for progress in every form, with creative ability and initiative toward a forward looking program, that women can thank the republican party for the franchise, as the amendment had been ratified by 29 republican states. All child labor laws had been supplied by republican states. The southern states which are large to the democratic, do not endorse child labor. The republican party stands for greater protection for infants and for maternity care. More money has been spent in caring for hogs than babies during the past few years."

The republican party stands for the budget system in national expenditures, the only sensible way of conducting affairs.
On the League of Nations.
In closing her list she stated that she believed fully in the stand taken by the republican party on the league of nations, and devoted quite a good deal of her time in defining her position.

should take charge. Mrs. Frank Blodgett, city chairman of the republican women's committee, took charge of the meeting and introduced the speaker.

COX STARTS TOUR; WILL SPEAK AT MILWAUKEE, SEPT. 4

[By Associated Press.]
Columbus, Ohio, Sept. 2.—With E. H. Moore, Gov. Cox's pro-convention manager, in Chicago, ready to furnish the senate sub-committee investigating campaign expenditures with allegedly documentary data in support of the democratic candidate's charge of a \$15,000,000 campaign fund being raised by the republicans, the governor himself was working today to clear up accumulated state business before starting on his swing through the west this evening.

In announcing he would represent Gov. Cox personally at the campaign finance investigation, Mr. Moore asserted he was taking documents and other data that would back up the governor's charges.

Mr. Moore declared that if Treasurer Upham had told the truth in giving the republican campaign financial figures, there is another campaign fund in existence and that he intends to find it.

Gov. Cox's departure tonight on his "swing around the circle" in the west will take him into 22 states before he returns to Dayton, October 4. His itinerary calls for 67 extended addresses, an average of 2 daily, not including innumerable rear platform and other minor speeches.

The governor's tour opens Friday in Michigan. On Saturday the governor will speak at Milwaukee, spend Sunday at Chicago, and Monday, Labor Day, in the Twin Cities making his principal address there at the Minnesota state fair.

While Gov. Cox is west, his running mate Franklin D. Roosevelt will be speaking in the east. Both candidates will close their campaigns in their home states Saturday, October 30.

Ladsmith.—At a meeting of older soldiers of Rusk county, Island Lake, the Rusk County Old Settlers' association was organized. The association plans to hold a picnic annually. One of the interesting features of the day was a talk by John Hill, formerly of Island Lake, north of Ashland. Mr. Hill was the custodian of the famous eagle, "Old Abe," during the Civil war.

Investigate
400%
Investment

In these days of large salaries the average family is looking into the future. To do this they naturally turn to investments. They want something to invest their surplus earnings in that is going to be safe, and at the same time give them the best returns on their money. We are in a position to offer you 400% on your investment with us.

Here is our proposition. Say you have \$500 worth of rugs in your home. You expect each rug to wear about 15 years. At that rate, it costs you \$33 a year for your rugs. The average homes used \$100 worth of linens every year. According to statistics 80% of every piece of linen is rubbed away on the wash board, as the result of letting the dust settle in them when it circulates in the air from sweeping. We can save you 50% of this waste or forty dollars per year.

The house wife works eight hours every week as the direct result of dirt which comes into your home thru different channels. We can save seven hours of this drudgery for her. If her time is estimated, at the very least twenty-five cents per hour, one dollar a week, and seventy-five cents in time is saved in each week or ninety-one dollars a year.

Your original investment is sixty-five dollars for a Hoover Suction Cleaner. Your profit is four hundred percent in saving each year. Only the Hoover is able to thoroughly crushed down nap, bringing it back to its original position; so that when you walk upon your rugs, you are always walking on the top of the nap instead of on the side, which causes it to be cut off against the grain which accumulates in it. The fact that the Hoover keeps this destructive element out of your rug, enables us to promise you from five to eight times their ordinary wear. This with the present high prices of rugs, think of the enormous saving on this one item alone.

Consider your linen, if instead of rubbing a sheet, a pillow case, a dolly, a bedspread, a table cloth and the dozens of other pieces of linen away every year on the washboard. Supposing by eliminating the dust from sweeping, you make these articles last as long again. We are making you a direct saving of from forty to fifty dollars a year.

TIME—Time has been said to be the most valuable asset that God ever gave man. What does it mean to women? If instead of spending eight hours, or one day each week, in drudgery, as the effect of dirt, she does all this work in one hour with a Hoover Suction Sweeper, it means that she has seven hours more each week to devote to more elevating achievements.

It means nearly one whole working day each week, that the woman can devote to her self without encroaching on the time that is ordinarily spent in cleaning.

Now with the political knowledge, she can have one day to study civics each week or hygiene, meek science or high reading, sewing or calling. In fact a Hoover in your home adds one full day of rest from house work every week.

Only the Hoover is able to give you such returns on your investment, for only the Hoover beats, as it sweeps, as it cleans. You may have six or ten months in which to make equal payments on a Hoover if you desire.

GREAT STADIUM FOR OHIO STATE

Columbus, O., Sept. 2.—A great stadium will be erected at Ohio State university here. Details of the proposed structure are announced by Samuel N. Sumner, a prominent local business man, who is chairman of the Ohio stadium committee, which was formed recently by alumni and friends of the university to plan the structure and to devise ways and means to procure a fund to erect it.

The stadium will cost \$1,000,000. It will dominate a ninety-two acre plot of land along the eastern banks of the Olentangy river, given to the university by its board of trustees a few years ago for development as an unequalled recreational and athletic field.

BRINGING UP FATHER

FIGHTERS TAPER OFF IN WIND-UP OF TRAINING STUNTS

[By Associated Press.]

Benton Harbor, Mich., Sept. 2.—Jack Dempsey, world's heavyweight champion and Billy Miske, challenger for the title, today entered on the final three days' training in preparation for their 10-round heavyweight championship contest here next Monday afternoon.

Dempsey plans gradually to cut down his work with the heavyweights, probably will only go six rounds this afternoon. Miske will start to taper off in his training, finishing up Saturday.

Hotels are crowded and boarding houses are quickly filling up. The town folks are beginning to wonder where the two men are going to find the visitors. There are plenty of sleeping accommodations as private homes will be thrown open.

Miske Fights Top Much

Dempsey declared today he was satisfied with his condition and he felt better than he did at Toledo, a year ago.

"I know I am ready to step the full ten rounds, top speed," the champion said, "but I don't think it will go that long. I made up my mind yesterday to let myself out to satisfy myself that I was right. When I finished I didn't feel a bit tired and my wind was good."

Miske recovered from a combination of circumstances which forced him to curtail his workout yesterday. The challenger lopped off a chicken dinner at a private home with a bulging dish of pie ala mode, which overloaded his stomach.

CLEVELAND LEADS AMERICAN; REDS NOW TOP NATIONAL

Entering into the last month of the baseball season, the race in the two leagues is closer than ever. Wednesday Cleveland finished its eastern invasion by jumping into first place by beating Washington, 5 to 0, while the White Sox lost to Boston, 6 to 2.

In the National, the Champion Cincinnati club went into first by defeating Boston 6 to 3, while Brooklyn was idle because of rain.

Cleveland leads Chicago by five points and New York by seven. Cincinnati leads Brooklyn by a two-point margin.

BIG WEEK-END FOR ALL-STARS

Janesville All-Stars are planning a big Labor Day program. Games are being arranged for Saturday, Sunday and Monday. The only one definitely settled so far is that for Monday when Milton Junction will appear on the Sunbeam diamond here in the afternoon. The standing between these teams is now one and one.

Efforts are being made to play either the Evansville boys or the Beloit Colored team Saturday; and either Postville or Beloit Sunday.

Efforts will be unable to pitch for the Stars in any of the contests because of absence at Oshkosh. Millane may take the box. The Stars are looking for a good twirler.

MEDAL WINNERS AT W.C.T.U. SESSION

Closing Business of Rock County Convention Committee Named.

A bright little girl of the Milton Junction grade school, Henrietta Buell, held the attention of the delegates at the W. C. T. U. county convention yesterday afternoon while she gave a forcible essay on the harmful effects of alcohol. She had been awarded the second prize in the medal contest held recently in the county.

The medal was given to her by Mrs. A. B. West who conducted the contest in behalf of her school mate, Laura Burdick, who was unable to be present, and who had been awarded the first prize.

Health Talk Given.

Stirring health talks were given during the afternoon program by Martha B. Riley of the state board of health who emphasized the idea of proper instruction in hygiene and by Miss Anna Fletcher, who gave some idea of the duties of a county nurse.

"These included," she said "all the hard work in regard to health matters, that nobody else wanted to do." The work centered about the country schools, she said, where instruction was made of the pupils and talks made to the mothers on health conditions. From these centers, visits to the homes and follow-up work of cases of defective children were a natural consequence.

Miss Lucy Granger, Janesville, gave a thoughtful paper, "Why Haven't Superintendents of Departments," Mrs. B. C. Howell, Madison, gave a strong plea for the support of dry candidates by the women of the primaries to be held next week.

Five Minute Speeches.

At the morning session a symposium of five minute addresses was given by delegates from each county union. Mrs. Carrie W. Fitz, Beloit, talked on the subject, "Why Should Church Members Belong to the W. C. T. U.?" She contended that it was a part of church work, and their influence was doubled by this association. The topic, "Why Should the Missionary Worker Be a Member of the W. C. T. U.?" was handled by

Mrs. C. E. Ewing, Janesville, who emphasized the close relationship existing between missionary and temperance work. Mrs. Martha Boyd, Lima, spoke of the example and present which would be of help to the Sunday school worker to be found in connection with the W. C. T. U.

Mrs. Carrie Dresser, Clinton, in answering the query why the busy women should fully belong to the W. C. T. U., said in part because it was then they would do the world's work.

Social Side of W. C. T. U.

Mrs. Stella M. Hatch, Edgerton, spoke on the theme, "Why the Woman Socially Inclined, Should Join the W. C. T. U." She answered the question by saying it was a social organization, with a place in it for every woman to work.

Mrs. O. W. Atton reported for the plan of work committee, and Mrs. M. R. Osterlin, Milton, for the resolution committee.

Charmers Named.

The following were named as charmers of departments for the coming year: Temperance instruction, Mrs. J. G. Carls, Janesville; Citizenship work, Mrs. M. V. Verheest, Janesville; Educational work, Mrs. C. G. Dickinson, Janesville; Medical contests, Miss Lucy Granger, Janesville; Instruction, Mrs. Anna Evans, Beloit; Mothers' programs and Prison reform work, Mrs. H. A. Palmer, Janesville; Railroad employees, Mrs. R. P. Wolfenbarger, Janesville; Work among lumbermen, Mrs. Anna Hatch, Janesville; Social purity, Mrs. Anna Preiss, Janesville; Sunday school work, Miss Caroline Palmer, Janesville; Miss Carrie Dresser, Clinton; social purity, Mrs. Carrie Fitz, Beloit; Temperance literature, Mrs. C. The DIARY OF AN ENGAGED GIRL

NEWS FROM JACK: DOES HE LIKE BARBARA TOO WELL?

Had a long letter from Jack today. He is having wonderful times out there and tells me in glowing terms of life that is so ideal. Westerners he says are far more broad and breezy than easterners, and are so generous in every way. Barbara he says is a perfect peach, and is seeing to it that she meets everyone with a smile in Los Angeles. According to him, she has developed a lot, is quite a seasoned woman now and is tremendously popular. Her home is filled with interesting people. He is doing all in his power to give this girl a good time, he adds, and she does enjoy things so, is so totally unspoiled and natural! Wonder if that was a dig for yours truly. I know that Jack considers me blasé and all that.

Dorcy writes that she was married the other day, and is now up in Massachusetts on her honeymoon. I find out on looking over the list that most of my friends will be married by the time that I get back to my own again. It makes it rather hard for me.

Jack will be quite an old matron by the time that Jack and I are married. I know I'll have lots of fun running over to see each other and swapping confidences.

Mother has decided that I am to have several traveling costumes made right here in London, so in a few days from now there will be more of those eternal abominable fittings to be lived through. I ordered some of the best looking shoes from J. B. Jones today, and am silently stockpiling with perfume. They are a good bit cheaper over here, and seem different, somehow. I shall take all the girls some perfume when I return for we all love them more than anything else. Even "Creole" has decided to the nail just. It's a good sign, for before she got of sneered at my barbaric love of scents. I explained to her that newly every man likes them, and that even her man likes them, and that even her Jeffrey had exclaimed over the delicious sweetness of one of my perfume brands. That turned the trick, of course, and the very next day she

blossomed out redolent of a delicious arbutus toilet water. There's no telling just how far love will drive a woman, after all.

Down on Duke street, right near Seidman's shop (which is owned by an American, by the way) there is the dearest little Russian shop, where you find the most exquisite things still. Here I spent a whole morning trying on bracelets and gewgaws, and I finally bought a real Russian pipe for Jack, all hand worked around the bowl, and so distinguished looking. Haven't the faintest idea whether it will draw or not (and I know that is rather important in pipe), but I do know that he will be tickled to death at my thinking of him. Besides no one else that we know has the genuine article!

I feel sort of jealous in a way about Barbara sharing all his happy hours instead of myself. Doesn't seem right somehow or other. I'm sure that she more than likes Jack, and I also feel sure that she at one time entertained hopes in his direction. I most sincerely hope that she finds a beau for herself soon, for I shall feel more at ease then. Not that I don't trust my Jack, not at all, but lonely and helpless girls are always dangerous. The very fact that they are alone and unprotected usually makes a deep impression on the average male.

I shall write to her this evening and say how glad I am that she and Jack are so congenial, etc.; also ask her not to forget that she is expected at my wedding for on that will help to remind her!

(To be continued.)

MEXICO CULTIVATES WORLD FRIENDSHIP; SEEKS CONFIDENCE

Mexico City, Sept. 2.—Cultivation of friendly relations with all foreign countries and creation of confidence that Mexico is anxious and capable of fulfilling her international affairs, said Provisional President De La Huerta, in his message to congress today. He gave as examples of the relation between Mexico and United States, mutual extradition proceedings by the two countries and compliance by the United States with the Mexican government that airplane flights over Mexican territory be forbidden.

"Despite difficulties," the message noted, "the government's efforts to protect the lives of foreigners have produced good results and the government will put forth every effort to give foreigners full guarantees."

Manitowoc.—James Doherty, See line engineer, killed in a wreck at Manitowoc, was a former local resident, his widow being a sister of Dist. Atty. Charles Brady.

W. O. W. will give a dance Friday evening, Sept. 3rd. Dance from 8 to 12. Everybody invited.

The Autumn Mode

THE NEW FROCKS

The first hint of Fall and you think of a smart street frock—but when you see these attractive new models you'll make your decision immediately. As brilliant as the Autumn leaves are the shades of rust, burnt orange and henna that appear upon blue cloth backgrounds of Tricotine, Poiret Twill and French Serge and Silk. While white and gray embroideries, though less bright, are just as novel.

THE NEW SUITS

When you say "variety" you have expressed the motif of the new Fall suit modes. Long coat models and short coat models; ripple coats and plain coats; fur trimming and no trimming, except a smart sash and button—trimly tailored or wrap-up affairs—suits follow their own sweet way, but they seem fairly well agreed on Duvetyn, Serge, Velour, Tricotine, Broadcloth. Our new suit display includes them all.

LOTS FOR SALE

AN OPPORTUNITY—Three of the
choicest building lots in the Third
ward, on good residence street, close
to car line, have all improvements
in. Will be sold for the very low
price of \$750 each and will be sold
separately or together. Only \$200 re-
quired as initial payment; on each
lot balance will be carried on very
easy terms like those and, it is al-
most impossible to acquire property
on easier terms like these and, this
is a rare opportunity for someone
who wants to purchase property on which
to build eventually. The price is ab-
solutely right. In fact it is very low.
These lots will double in value in a
short time. Don't overlook this op-
portunity but inquire now. Lots are
large, 4x12.5, plenty of room for
garage and garage. No real estate
man's charge. Address 750,
care Gazette.
